

Heritage Royalty is one of Canada's largest fee title acreage owners, consisting of approximately 4.8 million acres in Alberta, Saskatchewan and Manitoba. In addition, we hold gross overriding royalties on 0.5 million acres at Pelican Lake, Alberta and Weyburn Unit, Saskatchewan.

Heritage Royalty is currently seeking to fill the following position:

Summer Student – Geology

Location: Calgary, Alberta

Reports to: Director, Development

Reporting to the Director of Development, the successful candidate would be responsible for;

Responsibilities including but not limited to:

Assist with Base Business Development on Heritage's current 4.8 million acre of fee title as well as assisting with potential growth opportunities across North America. Potential responsibilities may include:

- Participate in building the Heritage Royalty Playbook.
- Evaluating expiring leases for continuation and assigning Reference Well intervals to them.
- Mapping formations using open hole logs.

Qualifications:

- Preference will be given to third and fourth year undergraduates of a Geology program from an accredited University/College with prior industry experience of a similar nature.

This position will offer an exceptional opportunity to work with a team of professionals with broad and extensive experience across industry and a company with a culture focused on being the very best in class.

To apply please email general.inquiries@heritageroyalty.ca only qualified candidates of interest will be contacted.
