

# Heritage Royalty

## JOB POSTING | LAND SUMMER STUDENT

Heritage Royalty is seeking a full-time Land Summer Student to work collaboratively with our land team. As the Land Summer Student, you will have the opportunity to work on meaningful projects within the company, developing your organizational and technical skills under the mentorship of a seasoned land professional. You will be expected to work with a high degree of accountability within a high-performance organization and think like an owner of the business.

### Position Details:

Job Title:	Land Summer Student
Reporting to:	Land Projects Advisor
Start Date:	May 1, 2020
Term:	Four month contract ending August 28, 2020

### About the Company:

Heritage Royalty is one of Canada's largest fee title acreage owners with approximately 4.8 million acres in Alberta, Saskatchewan and Manitoba. In addition, we hold fee title acreage in the Permian basin in Texas, USA and gross overriding royalties in Alberta, Saskatchewan and the Marcellus basin in Pennsylvania, USA. Heritage Royalty also manages a non-operated working interest in the Weyburn Unit.

### Your Responsibilities:

Your key responsibilities will surround supporting Heritage Royalty's mineral land department through Mineral Administration, including but not limited to:

- Assisting with routine land administration activities
- Providing support to area Land Analysts, Contracts Analysts and Area Land Managers
- Actively participating in the completion of large and small-scale land projects, including data management and data integrity projects
- Utilizing land and mapping software systems to analyze extensive volumes of land and production data

### Your Qualifications:

- Enrolled in either a full or part time post-secondary education program for the upcoming 2020- 2021 academic year. Enrollment in a land related program will be considered an asset.
- Enthusiastic individual with a positive attitude and excellent interpersonal skills
- Highly organized with excellent multi-tasking ability
- Ability to manage deadlines and work in a fast-paced environment
- Excellent written and verbal communication skills
- Detail oriented with strong analytical and problem-solving skills

- Exceptional computer skills, with proficiency in Microsoft Office applications being required
- Previous experience in the oil and gas industry as well as familiarity with a land system and/or oil and gas mapping software will be considered an asset

**How to Apply:**

Apply with resume and cover letter by email to [general.inquiries@heritageroyalty.ca](mailto:general.inquiries@heritageroyalty.ca). Only qualified candidates of interest will be contacted.

Posting close date: March 13, 2020
